Thank you for attending and participating in this provincial workshop.

The DCPNS would like to acknowledge and thank our Platinum sponsors Novo Nordisk Canada Inc and Janssen; Gold sponsors Animas Canada/LifeScan Canada, AstraZeneca Canada Inc, Eli Lilly Canada Inc, and Sanofi Diabetes; and Silver sponsors Abbott Diabetes Care, BD Medical, Insulet Canada, Medtronic, Roche, and Valeant for their financial contributions and ongoing support.
Welcome to the DCPNS Spring 2016 Conference
Changing Times... Changing Practice

Objectives:
• To gain insight into the changing health care landscape in NS, and the role of diabetes care providers within
• To understand our various patient populations and the use of local data as a driver of change
• To explore current management practices with an eye to change in the future
• To network and learn from others about the innovations that drive change
• To position ourselves as change agents in diabetes care

THURSDAY, APRIL 21, 2016

DCPNS SPECIAL ACKNOWLEDGEMENT AWARDS

The awards will be presented throughout the 2016 spring conference.

The DCPNS Special Acknowledgement Awards are presented to individuals who have given tirelessly to the DCPNS and diabetes through commitments such as Board/Advisory Council and committee/working group activities.

These contributions have ensured that the work of the DCPNS is grounded in reality, informed by best practice, and reflective of the Nova Scotia context. It is through these awards that we recognize leadership, commitment, and passion for improving the lives of those living with, affected by, or at risk of developing diabetes.

LIFETIME ACHIEVEMENT

Individuals who have provided a strong and vibrant vision as well as guidance throughout the life of the DCPNS.

2 awards to be presented

DEDICATED LEADER

Individuals who have provided significant years of service and support to the DCPNS in an advisory role.

5 awards to be presented

SPECIAL RECOGNITION

Individuals who help to actively shape current and future directions, provide a strong voice for the program, and support operational decisions and ongoing commitments.

4 awards to be presented
